ASTRO 3D

Make an origami star
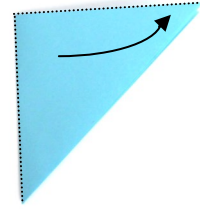

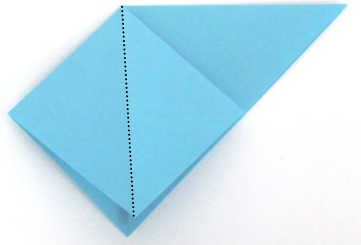

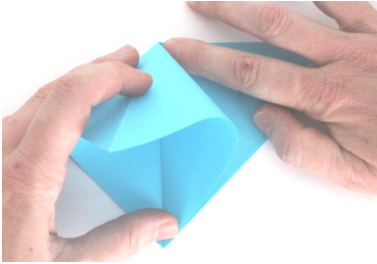

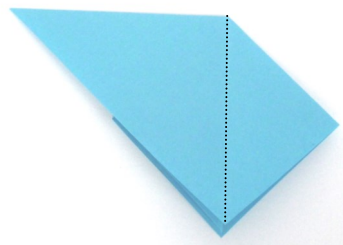

1. Fold a square sheet of paper in half to create a triangle. Make a crisp, smooth crease in the paper.
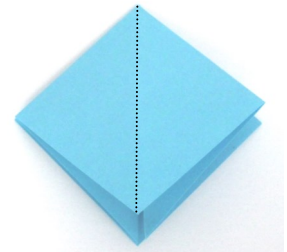

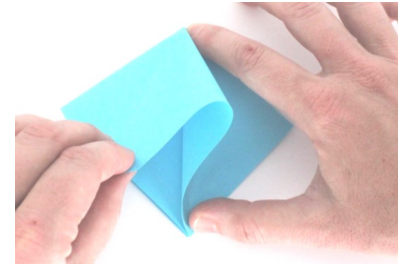

**2.** Fold in half again, crease and open out again to a triangle.

3. Place the left-hand corner over the bottom corner and crease.

4. Turn over.
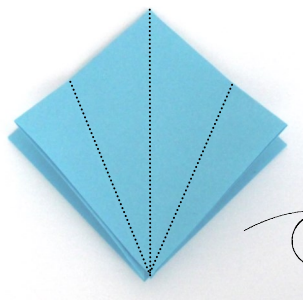

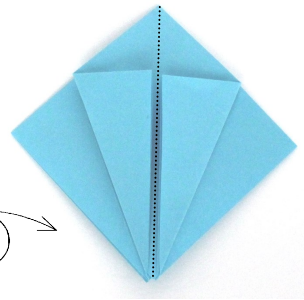

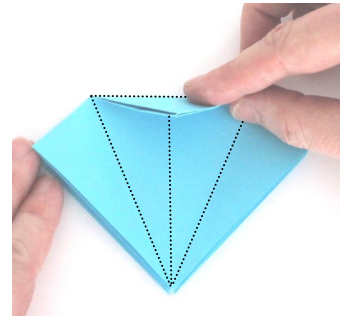

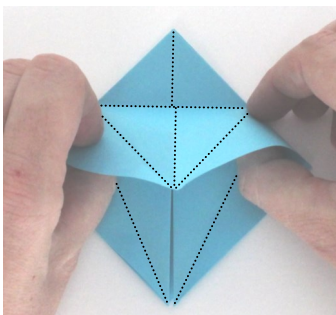

5. Repeat Step 3 on the other side.
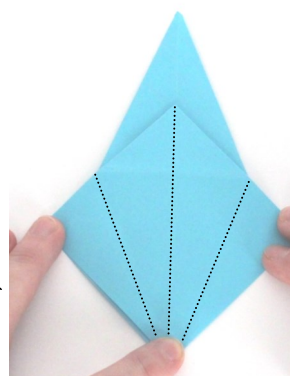

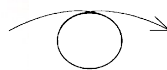

6. Fold corners up to centre.
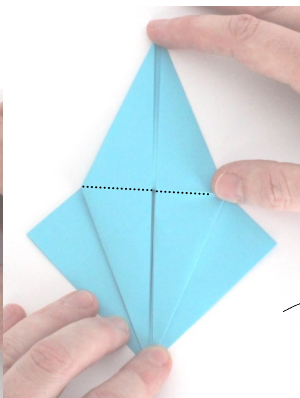

7. Unfold.
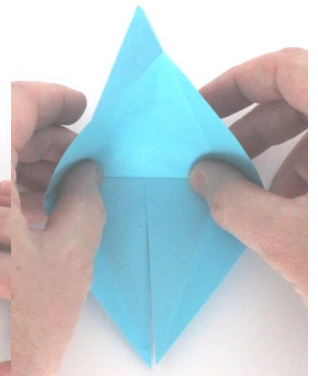

8. Turn over and repeat Step 6.

**9.** Fold the top corner down and crease.

10. Lift the bottom corner, push thumbs into the corners, open out and fold as shown.
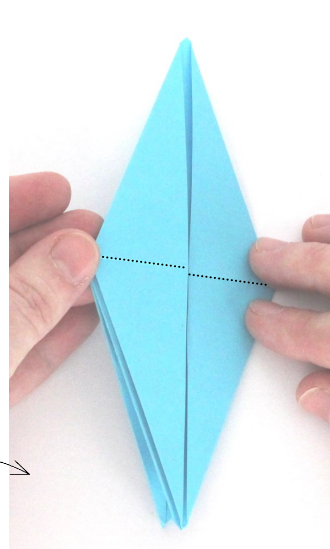

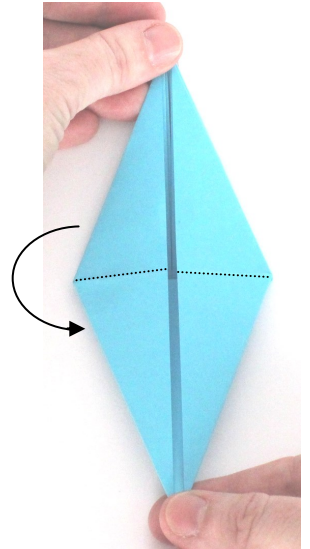

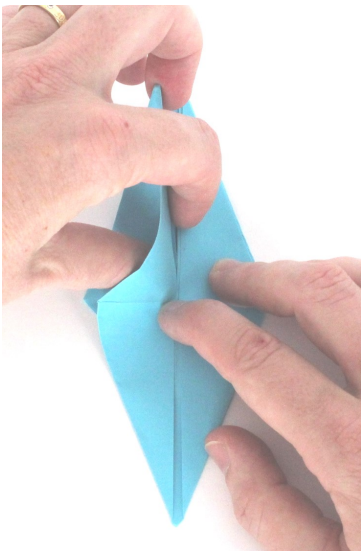

11. Turn over and repeat Step 10 on the other side.

**12.** Fold the top corner down to the bottom corner.
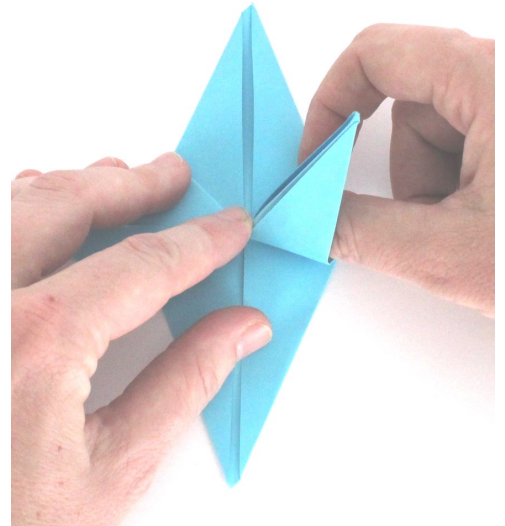

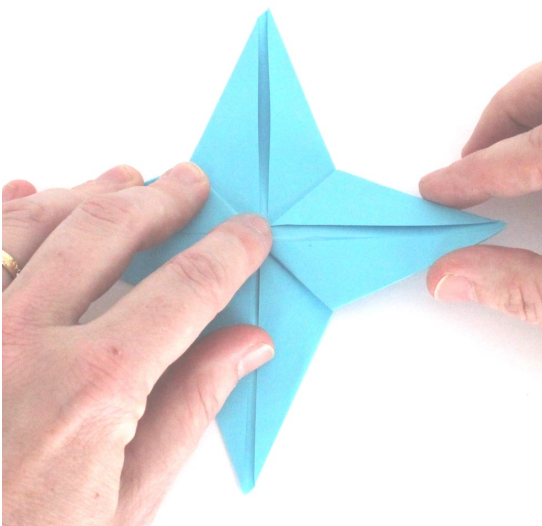

13. Turn over.

14. Rotate 180°.

**15.** Push a thumb into the corner as show.

16. Move the top corner out to the side and crease.

17. Repeat Step 15 with the right-hand side.

18. Repeat Step 16 with the right-hand side.

Congratulations! You have made a star!
